Council of Governments

The Clerk advised that it had been decided at the last Council of Governments meeting that \$1500 would be contributed by COG, and that COG would request \$1500 be contributed by Carbon County toward advertising costs for promotion of the one-percent (1%) capital facilities tax.

Phone System

Chief Deputy Clerk, Alice Garvin, advised that we currently have a centrex phone system with QWest and our current contract will remain at the same rate until July 31, 2004. The County is currently paying approximately \$1591 per month for our service provided by QWest, and this cost is less than it actually costs QWest to provide this service to us.

Richard Clark from USP Communications submitted a sealed bid to the County Clerk to provide long distance phone service to Carbon County. After discussion, the Commissioners decided to take the telephone matter under advisement and discuss it at a later time.

ELECTED OFFICIALS

County Assessor, Darrell Stubbs, presented three (3) abates and one (1) rebate to the Commissioners.

County Treasurer, Cindy Baldwin, advised the Commissioners that the credit card system is in place in the Treasurer's Office. The fees for this service are the responsibility of the customer.

PUBLIC HEARING - 911 SURCHARGE

Chairman Zeiger opened the public hearing at 10:02 a.m. to hear any objections to the County assessing a 50 cent surcharge to the access lines using the Sheriff's Office 911 system. Funds would be used to acquire an enhanced 911 system for the Sheriff's Office, which would give them the ability to locate where a call is coming from immediately. The areas to be included in the 911 surcharge are Baggs, Dixon, Savery, Elk Mountain, and Medicine Bow.

Undersheriff Hicks advised that the Sheriff's Office does have some problems finding the origin of certain 911 calls in these areas, and it requires a great deal of leg work. He further advised that 911 calls made on cell phones are not always routed to the Carbon County Sheriff's Office and may be sent to other agencies.

Don Mayfield, of Medicine Bow, advised that it would be beneficial if the phone company would update their 911 information regularly as well.

Linda Fleming advised she would be interested to see how much money Carbon County would actually receive from this charge.

Chairman Zeiger suggested we take this under advisement and look at this further. Without further comment, Chairman Zeiger closed the hearing at 10:18 a.m.

Linda Fleming moved to table the decision on the 911 resolution until such time as the County receives more information on the issue. Lee Meacham seconded. The motion carried unanimously.

4. Contractors Northwest Inc. of Couer d' Alene, Idaho

Linda Fleming suggested that the Jail Committee review the proposals and bring their recommendations to the Commissioners' next meeting in Dixon, Wyoming on February 18, 2003. An interview will be scheduled for sometime in March, and the Commissioners wish to be present in this process.
