

PRESS RELEASE

For Immediate Release

Carbon County Announces Seal Design Contest

Carbon County has a unique history and evolving culture, one that deserves to be expressed in a way that is inclusive to all its citizens. To that end, the Carbon County Commissioners are looking to create a County seal that will serve to represent all our residents by being symbolic of who we are, historically and culturally, as a County. The Carbon County Commissioners are working to engage our local schools and the community at large to create a seal that will be symbolic and meaningful in its description of our County and its people.

The Commissioners understand the importance of enriching our prospective ideas and hereby announces the creation of a design contest which would bring all of our collective ideas into a single location for consideration. All submissions will be accepted until **5:00 p.m. on May 21, 2021**.

During the contest all that are eligible will be able to submit their entries in various forms; chalk, pencil, watercolors, paint, and digital files submitted in PDF, JPG or PNG format. The adopted design(s) will then be reproduced professionally for final consideration for adoption.

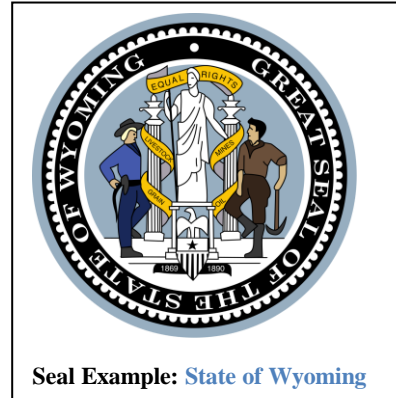

The Commissioners will select one seal design to be developed, presented, and adopted as Carbon County's Official Seal at the Carbon County Commissioner's Meeting on June 1, 2021. The winning artist(s) will receive \$600.00 and recognition at the open house dedicating the new Carbon Building sometime in early 2022.

Eligible submissions for all designs will be accepted **if participants are current residents or fulltime students in Carbon County and submit the required release with the entry.**

Visit our Carbon County website, www.carbonwy.com for entry forms and rules.
